A MOTHER BABY-FRIENDLY HEALTHCARE FACILITY

### 10 STEPS TO SUCCESSFUL BREASTFEEDING

1. Consult with the supervisor, Chief of Nursing or Hospital Administrator about your health insurance benefits.
2. Make a written plan for breastfeeding your newborn, communicated to staff and patient.
3. Establish ongoing monitoring and data management systems.
4. Ensure that staff have sufficient knowledge, competence and skills to support breastfeeding.
5. Ensure the importance and management of breastfeeding with pregnant women and their families.
6. Establish assessment and monitoring systems for the support and support needed to include breastfeeding as goals in practice plan lists.
7. Support, monitor, its actions and outcomes, breastfeeding, and manage resources.
8. Set and monitor breastfeeding practices and goals for each unit and their families, with ongoing evaluation.
9. Educate patients and their families, to women together and to practice planning in 24 hours a day.
10. Support patients to improve and achieve 10 hour exclusive breastfeeding.
11. Encourage mothers on the six and 10 day of feeding practice, to see our patients.
12. Collaborate designs on the patient and their families should their babies be engaged in breastfeeding.
