		<b>G. With duly notarized certificate from Principal Manufacturer - FANEM Industries Corporation</b>
		<i>Certifies that:</i>
	i.	All the terms and conditions stated in the bidding documents per IRR of RA 9184 and the corresponding contract for the contract for the project shall be honored by the Principal Manufacturer, including in the event that a change of dealership will occur during the duration of the contract up to the warranty and preventive maintenance period (2 years )
	ii.	The expected useful life of the equipment under normal use is eight (8) years  * Consider utilization for seven (7) days and Twenty four (24) hours per day. The manufacturer recommendation for all closed incubators (stationery and transport) is to keep all time turned on (even without patient) to maintain the positive pressure inside the canopy and keep it "clean" and ready to receive the baby. Especially for Transport Incubator this procedudre also will increase the lifetime of the batteries. Additionally for Transport Incubator the estimaton of the number of patients we can consider at least more the Three Thousand (3,000)
	iii.	Guarantee on the availability of all spare parts, accessories and consumables at least for the next five (5) years from testing, commissioning, acceptance and delivery;
	iv.	It has competence in handling and providing technical support as well as maintenance of the equipment being offered; and
	v.	Consumer guidelines regarding disposal of the equipment
		a. Do not throw electronic devices or parts in the trash when disposing of the equipment or its parts. To minimize pollution and ensure maximum protection of the environment, adopt the indicated recycling measures. For more information on the subject, research topics related to Waste Electrical and Electronic Equipment (WEEE). If the equipment or its parts need to be disposed of, and the customer has not defined a specific destination for them, the item in question shall be sent to the manufacturer legal distributor under the customers responsibility, regarding the transport, for appropriate disposal measures to be taken, in accordance with current national laws. Note: The equipment and/or its parts must be sent in clean and aseptic conditions
		b. Attention! Batteries must be disposed of according to the current laws of the country
