BID BULLETIN NO. BB-2025-025

2. Clarifications

	Questions	Clarifications
	Fo the training requirement on the TOR , how many personnel need to be enrolled? Is this face to face or Virtual ?	Training is for 8 pax face to face is preferred
	What are the documents to be provided for the Safety Requirements under the technical specifications?	UPS should adhere to PCMC technical specifications
	For the 40 Units Rack-mount Uninterruptible Power Supply (UPS) . May we request a relaxation of the requirement, remove the minimum 600 joules specification as devices such as core switches , servers, etc do no require a rating higher than 600 joules thus allowing more bidders to participate.	Requirement is as is to ensure that the critical infrastructure is protected form power surges.

For information and guidance of all concerned.
